

Day 0 * DECEMBER 4, MONDAY

OPHTHALMIC SUPPORT STAFF COURSE

Function Room 3
8:00 am – 6:00 pm

BASIC: OVERVIEW OF THE CLINICAL PRACTICE OF OPHTHALMOLOGY

This course is an introduction for new or prospective ophthalmic clinic staff who have not taken it or its equivalent in the past unless it is being taken for systematic review. This one-day course is didactic with illustrations, videos and demonstrations for the attendee to better understand ophthalmology and the principal concerns in an ophthalmic practice.

Philippine General Hospital, Philippines

8:30 am - 8:50 am

An Eye is an Eye! Ophthalmic Anatomy and Physiology with Clinico-Pathologic Correlation

Catherine Vigo-Matic MD

De La Salle University Medical Center, Philippines

8:50 am – 9:10 am

Am I Clean Enough? Clinical Microbiology and Aseptic Techniques in the Clinic and Operating Suites

Frances Marie Roa-Lingad MD

Divine Word Hospital, Philippines

9:10 am - 9:30 am

OR Sterility Issues

Ronnie Fajilagutan RN

Philippine General Hospital, Philippines

9:30 am – 9:50 am

History Lesson: Pertinent Data and History Taking / Pharmacology

Patricia Grulla-Quilendrino MD

Asian Eye Institute, Philippines

9:50 am – 10:10 am

Merong Exam? Ocular Examination - Testing Visual Acuity, Types of Tonometry and Funduscopy

Andrea Kristina Monzon-Pajarillo MD

University of the Philippines – Philippine General Hospital, Philippines

10:10 am – 10:30 am

Instrumentation and Caring for Ophthalmic Equipment, Instruments and Lenses

Gladys Merca MD

The Medical City, Philippines

10:30 am – 10:50 am

Procedures: OCT, UTZ, FA and Fundus Photo

Karina de Sagun-Bella MD

The Medical City, Philippines

10:50 am – 11:10 am

Macular Degeneration, DM Retinopathy, Anti-VEGF and Vitreo-retinal Surgery

Edmin Michael Santos MD

University of the Philippines – Philippine General Hospital, Philippines

11:10 am- 11:30 am

Preparing/Assisting for Non-Refractive Laser Procedures

Katrina Magno-Torres MD

Angeles University Foundation Medical Center, Philippines

11:30 am – 11:50 am

Keratometry, Lensometry, Biometry

Redentor Caesar Gonzales MD

Southern Philippines Medical Center, Philippines

11:50 am – 12:10 pm

Practical Tips in Instrumentation (OCT/ FA/ Perimetry/ Biometry)

Roger Dolores

Philippine General Hospital, Philippines

12:10 pm – 1:30 pm

Free Lunch

1:30 pm – 1:50 pm

It's Red! Handling the Red Eye

Myra Vita Ocuillo MD

Cebu Velez General Hospital, Philippines

1:50 pm – 2:20 pm

Doctor, Doctor I am Sick: Medical Treatment to Common Eye Diseases and Eye Emergencies

Kris Zanna Acluba MD

Cagayan Valley Medical Center, Philippines

2:20 pm – 2:40 pm

Doc, May Glaucoma Ba Ako?

Christine Siguan-Bell MD

Cebu Velez General Hospital, Philippines

2:40 pm - 3:00 pm

Kids are not Small Adults: Examining Children and Common Eye Problems in Kids

James Abraham Lee MD

The Medical City, Philippines

3:00 pm – 3:20 pm

Salamin Salamin: Dispensing Glasses and Contact Lenses in the Clinic

Michelle Hernandez MD

Ospital ng Maynila Medical Center, Philippines

3:20 pm – 3:40 pm

Common Ophthalmic Surgeries

Terrence Cham MD

Manila Doctors Hospital, Philippines

3:40 pm – 4:00 pm

Phacoemulsification and Refractive Surgery

Victor Michael Muñoz MD

The Medical City, Philippines

4:00 pm – 4:15 pm

Break

4:15 pm – 4:35 pm

Principles of Oculoplastic Surgery

John Kenneth Lagunzad MD

The Medical City, Philippines

4:35 pm – 5:00 pm

The Nerve! Visual Field Defects and Neuro-Ophthalmology

Edgardo Ulysses Dorotheo MD

Alabang Medical Center, Philippines

5:00 pm – 5:20 pm

Handling and Harvesting Human Eye Tissue

Frances Marie Roa-Lingad MD

Divine Word Hospital, Philippines

5:20 pm – 5:40 pm

May Philhealth Ka Ba? - PHIC and HMO billing

Ildefonso Peczon Jr MD

Manila Central University, Philippines

5:40 pm – 6:00 pm

Data Collection and Electronic Medical Record

Cesar Perez Jr MD

University of the Philippines – Philippine General Hospital, Philippines

6:00 pm – 6:20 pm

Open Forum

DAY 1 * DECEMBER 5, TUESDAY

OPHTHALMIC SUPPORT STAFF COURSE

Meeting Rooms 7-9
8:00 am – 6:00 pm

ADVANCED: IN-DEPTH UNDERSTANDING OF OCULAR DISEASE AND THERAPY

The goal of the instructional course is to reinforce and update the participant's knowledge in the different subspecialties and procedures in Ophthalmology.

Course Coordinator: Rainier Victor Covar MD
Co-coordinator: Junn Pajarillo MD
