

Day 0 * DECEMBER 4, MONDAY

**PHILIPPINE GLAUCOMA SOCIETY (PGS) 20TH ANNIVERSARY GLAUCOMA
SUBSPECIALTY DAY - ADVANCES IN THE FIELD OF GLAUCOMA**

Function Room 1
8:00 am – 5:00 pm

The PGS will provide ophthalmology trainees, provincial and urban general ophthalmologists, and glaucoma specialists with highlights of changes (and what has remained unchanged) in the understanding, early diagnosis, monitoring, and management of glaucoma for the past 20 years. The latter part of the afternoon session will concentrate on minimally invasive or micro-invasive glaucoma surgery (MIGS) as a new alternative treatment modality for intraocular pressure control.

Organized by the Philippine Glaucoma Society

*Chair: Mario Aquino MD
Co-Chair: Jose Maria Martinez MD*

8:00 am – 8:10 am
Introduction and Opening Remarks
Benjamin Abela Jr. MD
Makati Medical Center, Philippines

8:10 am - 8:25 am
Retinal Ganglion Cell Apoptosis after a Single Acute Attack of Angle Closure
Tan Do MD, PhD
Vietnam National Institute of Ophthalmology, Vietnam

8:25 am – 8:40 am
Micropulse Laser Cyclophotocoagulation
Ching Lin Ho MBBS, MMed (Ophth), MMed (Paeds), FRCS (Ed)
Singapore National Eye Centre, Singapore

8:40 am - 8:55 am
Trabecular Surgery for Glaucoma after Corneal Transplantation
Kazuhiko Mori MD, PhD
Kyoto Prefectural University of Medicine, Japan

8:55 am – 9:10 am
Gonioscopic Surgery with the Mori Lens (e.g. suture trabeculotomy ab interno)
Kazuhiko Mori MD, PhD
Kyoto Prefectural University of Medicine, Japan

9:10 am - 9:20 am
Open Forum

9:20 am – 9:35 am
Management of Neovascular Glaucoma
Seng Kheong Fang, MBBS
International Eye Center, Malaysia

9:35 am – 9:50 am
Overview of Glaucoma Drainage Devices
Seng Kheong Fang, MBBS
International Eye Center, Malaysia

9:50 am - 10:00 am
Open Forum

10:00 am – 10:15 am
Treatment of Pediatric Glaucoma – The Asian Experience
Ching Lin Ho MBBS, MMed (Ophth), MMed (Paeds), FRCS (Ed)
Singapore National Eye Centre, Singapore

10:15 am – 10:30 am
Long Term Results of Goniotomy in Primary Congenital Glaucoma in Vietnamese Eye
Tam Mai Dang MD
Ho Chi Minh Eye Hospital, Vietnam

10:30 am – 10:45 am
The PGS Glaucoma Prevalence and Practice Pattern Studies
Edgar Leuenberger MD
Asian Eye Institute, Philippines

10:45 am – 11:00 am
Open Forum

Chair: Patricia Khu MD
Co-Chair: Luisito Gahol MD

11:00 am – 11:40 am
Santen Plenary Symposium
Taflotan-S and Tapcom-S
Seng Kheong Fang, MBBS
International Eye Center, Malaysia

11:40 am – 12:00 pm
Novartis Symposium I
The Role of Fixed-Combination Treatment in the Management of Glaucoma
Edgar Leuenberger MD
Asian Eye Institute, Philippines

12:00 pm – 12:30 pm
Novartis Symposium II
Philippine Glaucoma Society Honorary Lecture: The PGS@20 - Two Decades of Service to the Filipino People
Mario Aquino MD
St. Luke's Medical Center, Philippines

12:30 pm – 1:30 pm
Allergan Lunch Symposium
Rate of Progression in Glaucoma: How and Why?
Joseph Anthony Tumbocon MD
St. Luke's Medical Center, Philippines

1:30 pm – 1:45 pm
Optic Nerve Head and Retinal Nerve Fiber Imaging – Has it Really Changed the Way We Manage Glaucoma for the Last 2 Decades?
Rommel Bautista MD
The Medical City, Philippines

MIGS SESSION

Chair: Robert Edward Ang MD

Co-chair: Benjamin Abela Jr. MD

1:45 pm – 2:00 pm

MIGS Overview (Plus My Experience with IStent and Hydrus)

Robert Edward Ang MD

Asian Eye Institute, Philippines

2:00 pm – 2:15 pm

Canal-based MIGS - An Update

Day 0 * DECEMBER 4, MONDAY

RETINAL IMAGING: BASICS & CLINICAL APPLICATIONS

To increase the awareness of general ophthalmologists and residents/ fellows in training with regards to the basic concepts and innovations in retinal imaging and their real-world applications in clinical practice.

Function Room 2

8:00 am – 5:00 pm

Organized by: Vitreo-Retina Society of the Philippines

Chair: Ricardo Tobias Papa MD

Co-Chair: Jubaida Aquino MD

PART I: BASIC CONCEPTS IN RETINAL IMAGING

8:00 am – 8:10 am

Registration

8:10 am – 8:20 am

Opening Remarks

Milagros Arroyo MD

President, Vitreo-Retina Society of the Philippines

8:20 am - 8:40 am

Basic Principles and Artifacts in Fluorescein Angiography

Katrina Torres-Magno, MD

Angeles University Foundation Medical Center, Philippines

8:40 am – 9:00 am

ICG Angiography

Jubaida Aquino MD

9:00 am – 9:20 am

Fundus Autofluorescence: When and Where to Use it Effectively

Redentor Caesar Gonzales MD

Southern Philippines Medical Center, Philippines

9:20 am – 9:40 am

B-scan Ultrasonography

Eleonore Iguban MD

Rizal Medical Center, Philippines

9:40 am – 10:00 am

Basic Principles and Advances in OCT

Kristine Corpus-Velasquez MD

St. Luke's Medical Center, Philippines

10:00 am – 10:20 am

Microperimetry and ERG in Retinal Diseases

Mary Louise Gutierrez-Calaycay MD

Makati Medical Center, Philippines

10:20 am – 10:40 am

Exhibit Viewing and Coffee Break

PART II: NEW CONCEPTS & INNOVATIONS

10:40 am – 11:00 am

Multi-Modal Imaging

Ma. Cecilia Garcia-Arenal MD

Cardinal Santos Medical Center, Philippines

11:00 am – 11:20 am

Ultra-wide Field Retinal Imaging

Paolo Antonio Silva MD

Joslin Diabetes Center, USA

11:20 am – 11:40 am

OCT Angiography

Sherman Valero MD

The Medical City, Philippines

11:40 am – 12:00 pm

Open Forum

12:00 pm – 1:00 pm

Exhibit Viewing and Lunch Break

PART III: CLINICAL APPLICATIONS OF RETINAL IMAGING

Chair: Paolo Antonio Silva, MD

Co-Chair: Carlo Antonino Nasol, MD

1:00 pm – 1:20 pm

Imaging Macular Interface Disorders

Karina de Sagun-Bella MD

The Medical City, Philippines

1:20 pm – 1:40 pm

Imaging in DR and Other Retinal Vascular Diseases

Paolo Antonio Silva MD

Joslin Diabetes Center, USA

1:40 pm – 2:00 pm
Imaging Macular Degenerations
Patricia Grulla-Quilendrina MD
Asian Eye Institute, Philippines

2:00 pm – 2:20 pm
Imaging the Pachychoroid Spectrum
Lyll Karen Bigornia-Arriola MD
Cebu Doctors' University Hospital, Philippines

2:20 pm – 2:40 pm
Imaging in Uveitis
Cheryl Myla Arcinue MD
Asian Eye Institute, Philippines

2:40 pm – 3:00 pm
Exhibit Viewing and Coffee Break

3:00 pm – 3:20 pm
Imaging in Ocular Trauma
Carlo Antonino Nasol MD
Pampanga Medical Specialist Hospital, Philippines

3:20 pm – 3:40 pm
Imaging Intraocular Tumors
Gary John Mercado MD
The Medical City, Philippines

3:40 pm – 4:00 pm
Pediatric Ocular Imaging
Ricardo Ventura MD
East Avenue Medical Center, Philippines

4:00 pm – 4:15 pm
Open Forum

4:15 pm – 4:30 pm
Closing Remarks
Sherman Valero MD
President, Philippine Academy of Ophthalmology

Day 1 * DECEMBER 5, TUESDAY

SY - 1
PSOPRS 25TH ANNIVERSARY SYMPOSIUM

Function Room 1
8:30 am – 10:00 am

LACRIMAL SESSION

The objective of this session is to present the basics and updates about the different types of lacrimal surgery.

Organized by the Philippine Society of Ophthalmic Plastic and Reconstructive Surgery

Chair: Raoul Paolo Henson MD
Co-Chair: Hernando Cruz MD

8:30 am – 8:50 am
Anatomy of the Lacrimal System
Hirohiko Kakizaki MD
Aichi Medical Center, Japan

8:50 am – 9:05 am
External Dacryocystorhinostomy
Hirohiko Kakizaki MD
Aichi Medical Center, Japan

9:05 am – 9:20 am
Endonasal Dacryocystorhinostomy
Chai Teck Choo MD
Singapore National Eye Centre, Singapore

9:20 am – 9:35 am
Laser Dacryocystorhinostomy
Raoul Paolo Henson MD
St. Luke's Medical Center, Philippines

9:35 am – 9:50 am
**Predictive Factors in Transcanalicular Endoscopic Lacrimal Duct Recanalization
(Towards Perfection in TELDR)**
Reynaldo Javate MD
University of Santo Tomas, Philippines

9:50 am – 10:00 am
Open Forum

Function Room 1
10:00 am – 11:30 am

TRAUMA SESSION

The objective of this session is to familiarize the participants with the basics and advances in periorbital and orbital trauma diagnosis and management.

Organized by the Philippine Society of Ophthalmic Plastic and Reconstructive Surgery

Chair: Yvette Marie Santiago MD
Co-Chair: Charmaine Ang MD

10:00 am – 10:20 am
Overview and Preliminary Assessment of Periorbital Trauma
Milind Naik MD
LV Prasad Eye Institute, India

10:20 am – 10:35 am
Imaging in Periorbital Trauma
Roseny Mae Singson MD
Asian Hospital and Medical Center, Philippines

10:35 am – 10:55 am
Management of Periorbital Soft Tissue Injuries
Milind Naik MD
LV Prasad Eye Institute, India

10:55 am – 11:10 am

Orbital Floor Fractures

Maria Donna Santiago MD

Makati Medical Center, Philippines

11:10 am – 11:30 am

Role of Navigation Guided Surgery in Orbital Trauma

Milind Naik MD

LV Prasad Eye Institute, India

SY – 2

RETINA SYMPOSIUM

Function Room 2

8:30 am – 10:00 am

PNEUMATIC RETINOPEXY

The objective of this symposium is to present updates in the lost art of pneumatic retinopexy, its indications, techniques, results and future directions.

Organized by the Vitreo-Retina Society of the Philippines

Chair: Prof. Wai-Ching Lam MD

Co-chair: Sherman Valero MD

8:30 am – 8:45 am

Introduction to Pneumatic Retinopexy

Prof. Wai-Ching Lam MD

University of Hong Kong, Hong Kong

8:45 am – 9:00 am

Properties of Gases & its Mechanism of Action

Nicola Gan MD

Tan Tock Seng Hospital, Singapore

9:00 am – 9:10 am

Indications & Extended Indications of Pneumatic Retinopexy

Shao Onn Yong MD

Eagle Eye Centre, Singapore

9:10 am – 9:20 am

Surgical Technique of Pneumatic Retinopexy

Sherman Valero MD

The Medical City, Philippines

9:20 am – 9:35 am

Pneumatic Retinopexy: Results & Complications

Shrinivas Joshi MD

M. M. Joshi Eye Institute, India

9:35 am – 9:45 am

Pneumatic Retinopexy in Pediatric Patients

Shao Onn Yong MD

Eagle Eye Centre, Singapore

9:45 am – 10:00 am
Future Directions For Pneumatic Retinopexy
Prof. Wai-ching Lam MD
University of Hong Kong, Hong Kong

Function Room 2
10:00 am – 11:00 am

A VITREO-RETINA APPROACH TO SUBLUXED LENSES & APHAKIA

The objective of this symposium is to present updates in the dynamic management of aphakia and subluxed or dislocated crystalline lens or intraocular lenses from a vitreo-retina standpoint.

Organized by the Vitreo-Retina Society of the Philippines

Chair: Shao Onn Yong MD
Co-Chair: Jeffrey Lim MD

10:00 am – 10:10 am
Introduction: Decision-Making, Pros and Cons
Jeffrey Lim MD
Chong Hua Hospital, Philippines

10:10 am – 10:20 am
Rendering the Eye Aphakic and Dealing with Subluxed or Dislocated Lenses
Shao Onn Yong MD
Eagle Eye Centre, Singapore

10:20 am – 10:35 am
Anterior Chamber IOLs
Nicola Gan MD
Tan Tock Seng Hospital, Singapore

10:35 am – 10:50 am
Iris-fixation Lenses: Sutured and Iris Claw Lenses
Shrinivas Joshi MD
M. M. Joshi Eye Institute, India

10:50 am – 11:05 am
Trans-scleral Sutured IOLs
Shao Onn Yong MD
Eagle Eye Centre, Singapore

11:05 am – 11:20 am
Sutureless Scleral Fixed IOLs
Prof. Wai-ching Lam MD
University of Hong Kong, Hong Kong

11:20 am – 11:30 am
Management of Aphakia: Global Practices and Future Directions
Pear Pongsachareonnont MD
Chulalongkorn University, Thailand

SY - 3

CATARACT AND REFRACTIVE SURGERY SYMPOSIUM

Function Room 3

8:30 am – 10:00 am

ASTIGMATISM CORRECTION MADE RIDICULOUSLY SIMPLE

This symposium will teach the audience the importance of astigmatism correction during cataract surgery and how to achieve optimum results using different techniques.

Organized by the Philippine Society of Cataract and Refractive Surgery

Chair: Cesar Ramon Espiritu MD

Co-Chair: Nilo Vincent FlorCruz MD

8:30 am – 8:45 am

Why Low Cylinder Correction is a Medical Necessity

Dandapani Ramamurthy MD

The Eye Foundation, India

GLAUCOMA INSTRUCTIONAL COURSE

Meeting Rooms 4-6

8:30 am – 10:00 am

BASIC LASERS IN GLAUCOMA

This course aims to provide ophthalmology trainees and general ophthalmologists with a basic understanding of the evidence based indications and basic techniques of laser surgery in managing the different glaucomas.

Chair: Teodoro Gonzales Jr. MD

Co-Chair: Joseph Anthony Tumbocon MD

Organized by the Philippine Glaucoma Society

8:30 am - 8:35 am
Introduction of Speakers

8:35 am – 8:55 am
Laser Peripheral Iridotomy and Argon Laser Peripheral Iridoplasty
Benjamin Abela Jr. MD
Makati Medical Center, Philippines

8:55 am – 9:00 am

ORBIT & OCULOPLASTY INSTRUCTIONAL COURSE

Meeting Rooms 7-9

2:00 pm – 4:00 pm

“FLAPS AND GRAFTS” INSTRUCTIONAL COURSE

Reconstruction of eyelid and periorbital area using flaps and grafts is an art by itself. It can be daunting for residents-in-training and general ophthalmologists alike when encountering a wound defect that is bigger than the skin that is used to close it. This 2-hour instructional course aims to introduce participants to the most basic principles of doing flaps and grafts. They will get the opportunity to perform these techniques in practical sessions under specialists' guidance. This course will also have practical tips and give a better understanding of open wound management.

Organized by the Philippine Society of Ophthalmic Plastic and Reconstructive Surgery

Instructor: Nonette Pasco-Rosete MD

Facilitators: Philippine Society of Ophthalmic Plastic and Reconstructive Surgery members
